EDUCATION

2011 – PRESENT	Doctor of Philosophy , ECONOMICS <i>University of Pittsburgh, Department of Economics</i> Expected Completion: June 2017
2014 – 2015	Visiting Scholar , ECONOMICS <i>Northwestern University, Department of Economics</i>
2013	Master of Arts , ECONOMICS <i>University of Pittsburgh, Department of Economics</i>
2007 – 2011	Bachelor of Arts , ECONOMICS AND MATHEMATICS <i>Lake Forest College</i>

RESEARCH

My focus is micro-economic theory; in particular, Decision Theory and Epistemics. I am interested in exploring the complex relationship between preference, information, and learning and the application of these concerns to Game Theory and Experimental Economics. Primary Fields: Micro-Theory and Experimental Economics.

Working Papers:

“Introspective Unawareness and Observable Choice,” *working paper*

“Learning the Krepsian State: Exploration Through Consumption,” with Norio Takeoka and Roee Teper, *working paper*

“Reference Dependence and Attitudes Towards Uncertainty,” with Juan Sebastián Lleras and Richard Svoboda, *working paper*

“Menus as Frames,” *working paper*

Works in progress:

“Rationalization and Robustness in Dynamic Games with Incomplete Information,” with Peio Zuazo-Garin, *work in progress*

“Plans of Action: A Behavioral Foundation for Bandit Models,” with Roee Teper, *work in progress*

“A Logic for Partial Awareness,” *work in progress*
